

ABOUT THE KAUFFMAN FOUNDATION'S FASTTRAC® PROGRAM

The Kauffman Foundation's FastTrac® program equips aspiring entrepreneurs with the business skills and insights, tools, resources, and peer networks necessary to start and grow successful businesses.

The Kauffman Foundation's FastTrac® program was created by the Ewing Marion Kauffman Foundation, the largest foundation in the world devoted to entrepreneurship, to lower the barriers of entrepreneurship by providing practical learning materials delivered online and via teaching partners, to entrepreneurs. In doing so, the Kauffman Foundation encourages and equips more people to start businesses, contributing to increased startup activity nationwide. The Wyoming County Business Center, Inc. serves as an affiliate of the Kauffman Foundation's FastTrac® program.

The Wyoming County Business Center, Inc. offers the Kauffman Foundation's FastTrac® program twice a year in the spring and fall through the Wyoming County Business Startup Program. Certified Kauffman Foundation's FastTrac® facilitators teach the course in an interactive environment where participants build a unique network with one another helping build their business plan.

The Kauffman Foundation's FastTrac® program represents a great opportunity for students and adults alike who want to start or grow a business and gain access to a very successful program. Since 2010, the Wyoming County Business Center has educated entrepreneurs and helped businesses succeed by enabling them to overcome barriers and challenges common in starting a new business or expanding an existing business with the Kauffman Foundation's FastTrac® program.
